Problem-Based Learning	<p>Problem-based learning (PBL) has become an integral part of the 21st century classroom. When students are faced with solving ill-structured, open ended, messy problems, they are pushed to think more critically and work collaboratively. Many Microsoft tools help support problem-based learning. This course has been developed to help you understand what PBL is and how to plan and implement a problem-based-learning experience in your classroom.</p>	Jun 27, 2018	1 hr 30 min
